

**From the Chairman of Myriad Optima Limited**

Hello

Following a lengthy and successful career in the Law, I felt that I needed a change and a new challenge. During my quest, I was lucky enough to discover Myriad Optima. I found that it offered an opportunity of rare quality not least because Myriad Optima's vision is to help organisations throughout the U.K. become more resilient. I had to be involved.

Our goal has been to develop a dynamic system that would become a valuable asset to any organisation striving to fulfil its obligations to its stake-holders and I believe that is what we have now achieved. Indeed, we are passionate about our contribution to "National Resilience".

**When asked "Can we provide a quality BC solution with Zero Impact on an organisations IT resources?", we say...**

**"Yes we can!"**

**Our solutions will give you:-**

- Significant savings in time, effort and money with "fixed costs" (no hidden extras such as support, training or upgrades)
- Dynamic and safe BC Document Management with full version control and *Active Audit Trails*
- Unrivalled "Multiple Channels" of communication...how amazing would it be if you could dynamically see what staff were "available" or indeed "safe", effortlessly and cost free?...in just a couple of clicks. We can show you how!
- Scalability and flexibility with first class customer support
- The ability to "Embed the culture" throughout an organisation, if you should so wish
- Peace of mind in having a secure system where "people data" is safe and secure, yet still accessible by those who need it, when they need it
- Confidence in having what is an appreciating business asset

We know that workable solutions are hard to find and decisions difficult. We often hear dreadful stories of people making wrong choices when investing in "time hungry" solutions. So, with apologies to Carlsberg, we probably have "the best BCM solution in the World!"

If I could make a single statement I would say "Our solutions are brilliant, second to none, and available right now in literally seconds – locally or globally!"

I look forward to hearing about your level of interest in our innovative BC solutions and the prospect of us supporting your organisation's Business Continuity Management Team.

Yours proudly

Kevin Toon

P.S. – If you have yet to see a presentation of the Battle Baton then please [click here](#) to book your slot today, call +44 (0) 1202 874425 or email [info@battlebaton.com](mailto:info@battlebaton.com).

**Our Mission Statement**

To achieve the highest possible standards in all that we do. Our number one priority and commitment is to offer, at all times, a world class service for our users through state-of-the-art technology, innovation, leadership and partnerships ultimately making our clients more resilient.
